

Eternity

I am a part of it . . .

*God's universe --
The sprouting grain,
Harvest and fruit;
Sickness, tragedy, and death.
All this was mine
From my first breath.*

I am a part of it . . .

*The lightning's flash,
The thunder's blast,
The falling rain;
The raging blizzard,
The summer sky;
The human soul --
That is I.*

I am a part of it . . .

*God's divine plan.
Why measure life in days,
Hours, years, protoplasm,
Cells and decay?
Life is but the dawn
Of death's eternal Day.*
