

A Little Prayer

*Don't forget me darling angels.
Try to guard me every night.
Save me, be forever near me
Through the darkness and the light.*

*And, oh, do not forget my daddy!
He is kind as he can be.
Tell him I have always loved him.
Make it so that he loves me.*

*And angels when his days are over,
When he has gone away from here,
Take me also. Take me with you.
That I may go and meet him there.*
